Time after time

Greatest wisest king in Israel's history

What's life about?

<https://www.youtube.com/watch?v=TxbIU0X-ICI>

- And nothing ever happens, nothing happens at all
- The needle returns to the start of the song
- And we all sing along like before
- And we'll all be lonely tonight and lonely tomorrow

Its just like trying to catch the wind.

Looks for meaning in “stuff”

We intuitively know we are made for more
than this.

The lives we live

Life is a series of seasons.

Winter

Spring

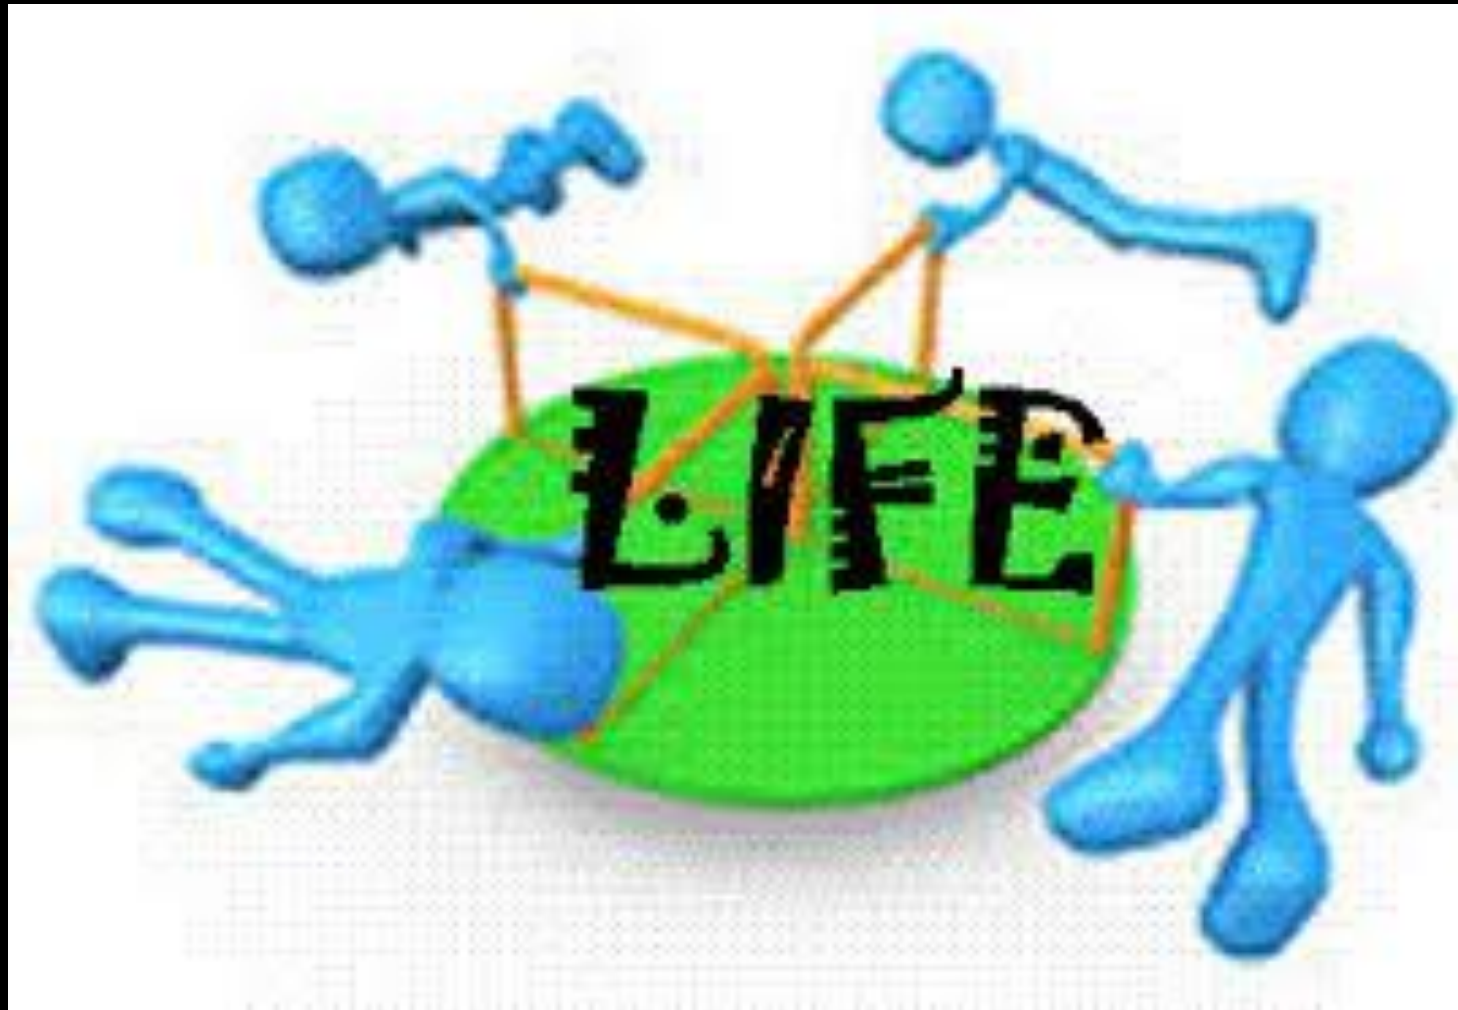

Summer

Autumn

There are seasons in our lives

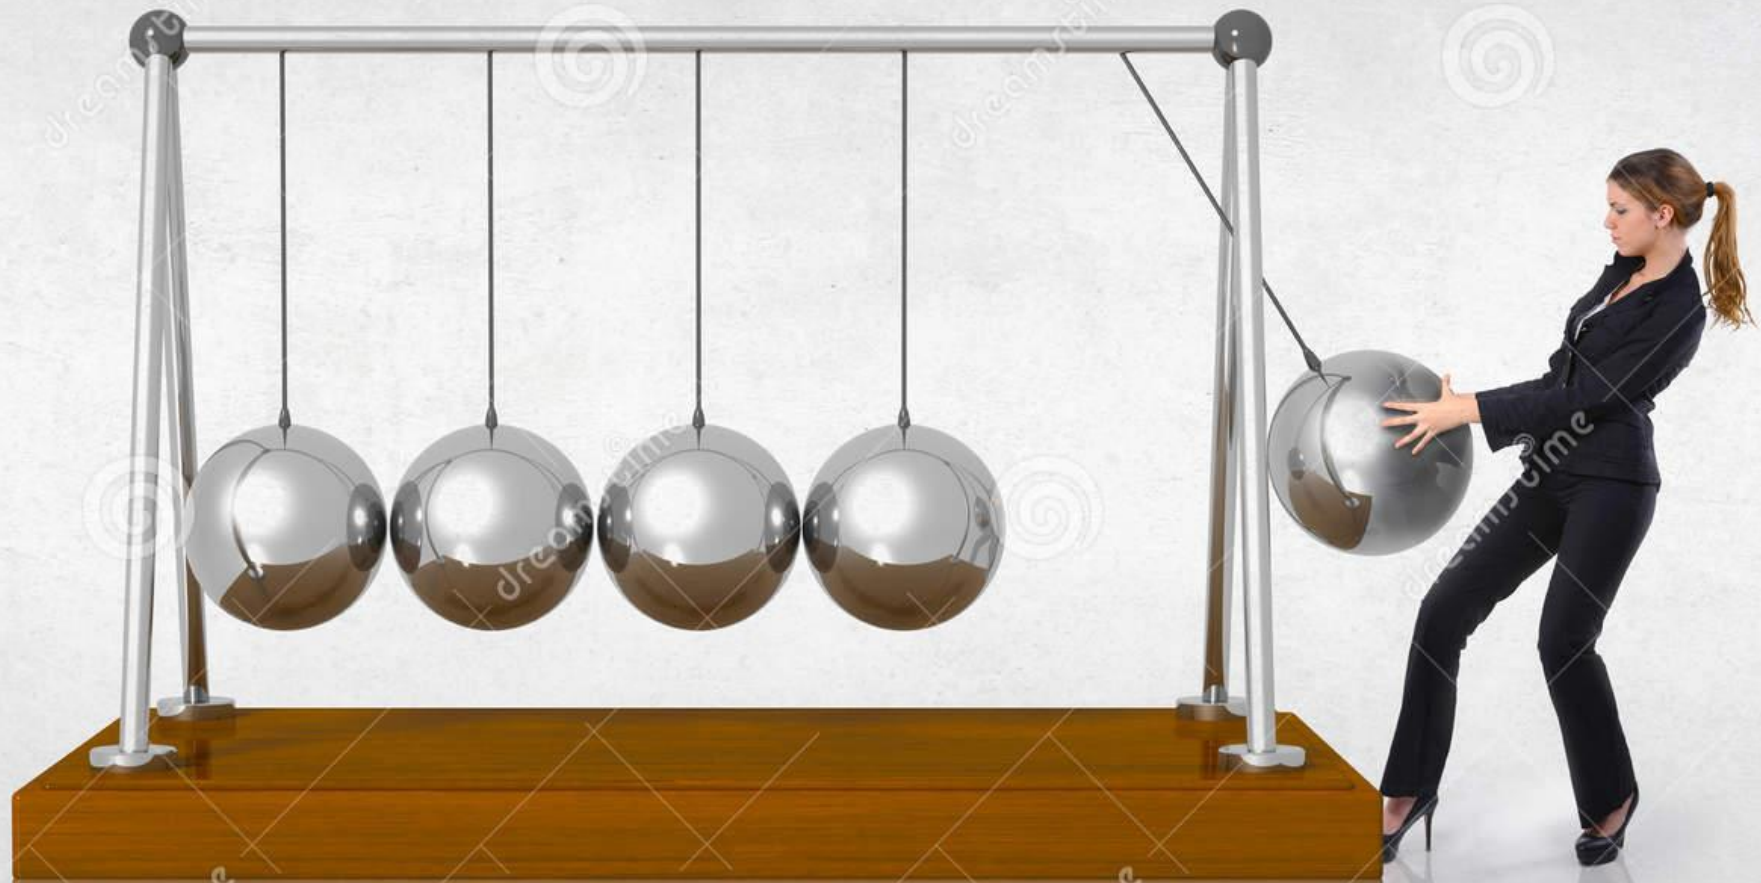

Why do some people have more bad than
good?

God is fair in his unfairness

We all end up the same

But we know there is more to life than just
existing

- Enjoy life
- Live in light of your death
- Get right with God
- He puts limits on us
- God is going to judge me

There is more to life than just life

With Christ we are on a treadmill to eternity
